Aqua

A unique level cut loop broadloom that evokes the vast, calming spaces of the world's seas. Inviting and soothing on the eye - ideal for the hospitality sector; refreshing and classy for executive areas. A wide colour palette that invites an equally vast choice of interior design options. Versatile and as variable as the sea in either wall-to-wall or loose-lay rug options.

- Available as either broadloom or cut-to-size rugs
- 11 on trend colours to choose from
- Universal range suitable for hospitality, medium commercial and residential environments

City Life

Like the traveller whose eyes rest upon the exciting shimmer of city lights in the distance, this carpet lets you know you have arrived! Inspired by the cosmopolitan energy, fast-pace and stamina of urban life, it offers a vibrant colour palette, a pattern designed for obscuring heavy foot traffic, and enhanced durability using our Stainproof SDX fibres. From hotel suite to office, this heavy tufted broadloom offers in-vogue sophistication that is sure to be as memorable as any of the world's greatest cities.

- First in Africa, a Woven Axminster made with 100% Solution Dyed Nylon (SDX).
- Available in 4m broadloom and can also be used for rugs in a Heavy Commercial application.
- A product and design created for all application and makes you feel at home where you are.
- The designs lead itself to work as a rug for Hospitality or residential application in our cut to size offering.
- Modern designs with a neutral colour pallet that will work in any design space.

Untitled

With over 30 years of experience in large-scale carpet manufacturing, we're ideally positioned to work with you on your organisation's next flooring project. Whether you'd like to start from scratch or rework our existing designs, we're ready to turn your vision into reality.

- With a digital catalogue of over 150 design templates to start from, you're bound to find the perfect combination for your distinct project.
- Select from 2 to 14 colours in a single carpet for your custom pattern.
- We offer digital renderings for each concept.
- We also offer custom samples that can be placed in-situ.
- Offered in 3.66m and 4m widths.

Perpetual

Through extreme heat and pressure under the earth's crust emerges one of the most beautiful, durable and versatile materials, marble. Inspired by its enduring elegance and strength, we have translated these qualities into a high-performance carpet range that balances beauty and power. With its unique Axi Backing, you can feel grounded on a memorable floor that is designed to delight whilst offering unfading comfort.

- First in Africa, a Woven Axminster made with 100% Solution Dyed Nylon (SDX).
- Available in 4m broadloom and can also be used for rugs in a Heavy Commercial application.
- A product and design created for all application and makes you feel at home where you are.
- The designs lead itself to work as a rug for Hospitality or residential application in our cut to size offering.
- Modern designs with a neutral colour pallet that will work in any design space.

Rustic Grain

Few things can be more charming than a relaxing walk through the unspoilt countryside. Its soothing palette of earthy colours and rugged textures leave us vibrantly energised. This feeling has been the motivation behind creating this high-performance Stainproof SDX woven carpet range, ideal for heavy commercial applications. By combining the most comforting aesthetics nature has to offer with the latest manufacturing solutions that include innovative Axi Backing, we have created our most down to earth carpet range yet, Rustic Grain.

- First in Africa, a Woven Axminster made with 100% Solution Dyed Nylon (SDX).
- Available in 4m broadloom and can also be used for rugs in a Heavy Commercial application.
- A product and design created for all application and makes you feel at home where you are.
- The designs lead itself to work as a rug for Hospitality or residential application in our cut to size offering.
- Modern designs with a neutral colour pallet that will work in any design space.

Textured

Life is a multi-layered experience, with highs and lows and everything in between. This collection is a tribute to the creative energy that propels life forward and gives new meaning and depth to our experiences. Not just a carpet design, each one offers a thought to reflect upon.

- Stainproof Solution Dyed Nylon for extreme conditions (SDX).
- Unique Level Cut Loop adding an interesting 3-dimensional look.
- Comes in 5 different Rug sizes: 1.6 x 2.4m, 2.4 x 3.4m, 2 x 3m, 3 x 4m, 0.8 x 3m.
- Universal range suitable for Hospitality, Medium Commercial and Residential environments.

Leisure Grass

The Leisure Range by Belgotex Grass is highly versatile, soft feel grass perfect for landscaping. The medium leaf texture delivers a natural look and feel to this high-value, quality range. A designer root zone imitates a complex vertical root structure for a true-grass look for picture-perfect lawns.

- We make our grass — We manufacture and install our own grass. This means we are able to control the entire process of keeping you a happy customer for life.
- We keep it local — Belgotex Grass is the first locally manufactured artificial turf. By designing specifically for the harsh UV-rays of the sunny South African climate, we gain an edge on quality over imported products.
- Our products come with an industry-leading 10-year warranty.

Fliptile

Fliptile by Belgotex offers a world of infinite design possibilities. One shape, eleven enticing colours, and limitless creativity. Opt for a single colour or mix and match from the palette to create unique designs. Install as a rug or expand to carpet your entire room. It's adaptable and can conform to any space. Simple to install with no tools required, Fliptile sticks together using reusable stickers. Even kids and pets will enjoy the fun and versatility it brings to a room.

- Fliptile's unique tile shape gives anyone the ability to create any bespoke floor imaginable.
- The DIY system (Flip n easy) can be installed as a rug or a wall-to-wall installation.
- Use Belgotex FlipTile stickers for easy installation. Stickers can be used many times, which means you are able to change your floor design frequently. Using Belgotex stickers mean no glue, no harmful toxic fumes, no mess.
- Made with 100% Stainproof Miracle Fibre (polypropylene) for stain resistance and easy cleaning.
- A backing system that helps anchor FlipTile to the floor.

MiracleRug

MiracleRug is a range of rugs made using Belgotex's Miracle Fibre, which delivers an extremely hard-wearing product that won't fade, is easy to clean, and can be used indoors and outdoors. Our rugs are an exceptional blend of technical prowess and tasteful design.

- **Indoors & Outdoors** — Most yarns are dyed towards the end of the manufacturing process. The pigment in our Miracle Fibre yarn is baked in at the point of extrusion, making MiracleRugs perfectly suited to enduring our harsh local climate.
- **Stainproof** — Miracle Fibre has excellent chemical resistance properties which protect our rugs from stains. MiracleRugs can even be cleaned with bleach and acetone without damaging the fibres.
- **Allergy Friendly** — The dust resistance and easy-cleaning properties means MiracleRugs are hygienic, allergy-friendly products.
- **Fadeproof & Rainproof** — MiracleRugs are dyed to the core, giving them added resistance to stains and fading. An additional layer of UV protection shields our rugs from harsh UV rays.
- Although every precaution has been taken to ensure that your Miracle Rug can withstand the harsh African climate, we advise you to refer to the Miracle Rug brochure to learn how to best care for your rug.

Archetypes

This range offers the essential building blocks of classic patterned floors, but with the phenomenal appeal and performance benefits of contemporary materials. With a selection of five wood looks, these mid-sized rectangular LVT planks can be mixed and matched to create a retro parquet inspired look or timeless herringbone design, fit for the 21st century.

- 5 popular wood designs and colours chosen in collaboration with the design fraternity.
- The plank size of 609,6 mm X 152,4 mm makes it a great product for Herringbone installations suitable for all size areas including smaller spaces with lower waste.
- The plank size also allows for Parquet and Basketweave installations, as the length and width tie up in exact multiples of 4. Making for some fun and unique installations.
- Suitable for Heavy Residential and Light Commercial areas.
- Very comfortable size for installers to handle and install.

Retreat

We all seek that third place away from the monotony of everyday life, a space to unwind, and feel free. As we look to our homes again as a reclaimed sanctuary, our safe place, we invite the raw tactility and healing energy of nature into our floorscapes. Each step is a step forward, it's time to release and restore.

- 7 exquisite and unique designs.
- 5mm total thickness, which makes this range perfect for renovations.
- Waterproof, scratch, and stain resistant coated vinyl planks.
- Easy installation with angle-drop locking system.
- Integrated acoustic backing with up to 17dB sound insulation.

Westminster

A broadloom carpet range designed for demanding commercial applications, Westminster – The Haptic Range, has been revived in order to take commercial carpeting to new heights of opulence, elegance and feeling.

- Westminster is a durable and versatile broadloom carpet made with Belgotex Solution Dyed Nylon.
- It comes in a wide range of solid colours from Beige to Grey and Charcoal with some additional trending accent colours available that make a statement both in broadloom and rug format.
- A designer's choice for the hospitality market.
- Westminster is a high-quality product that can withstand heavy traffic.

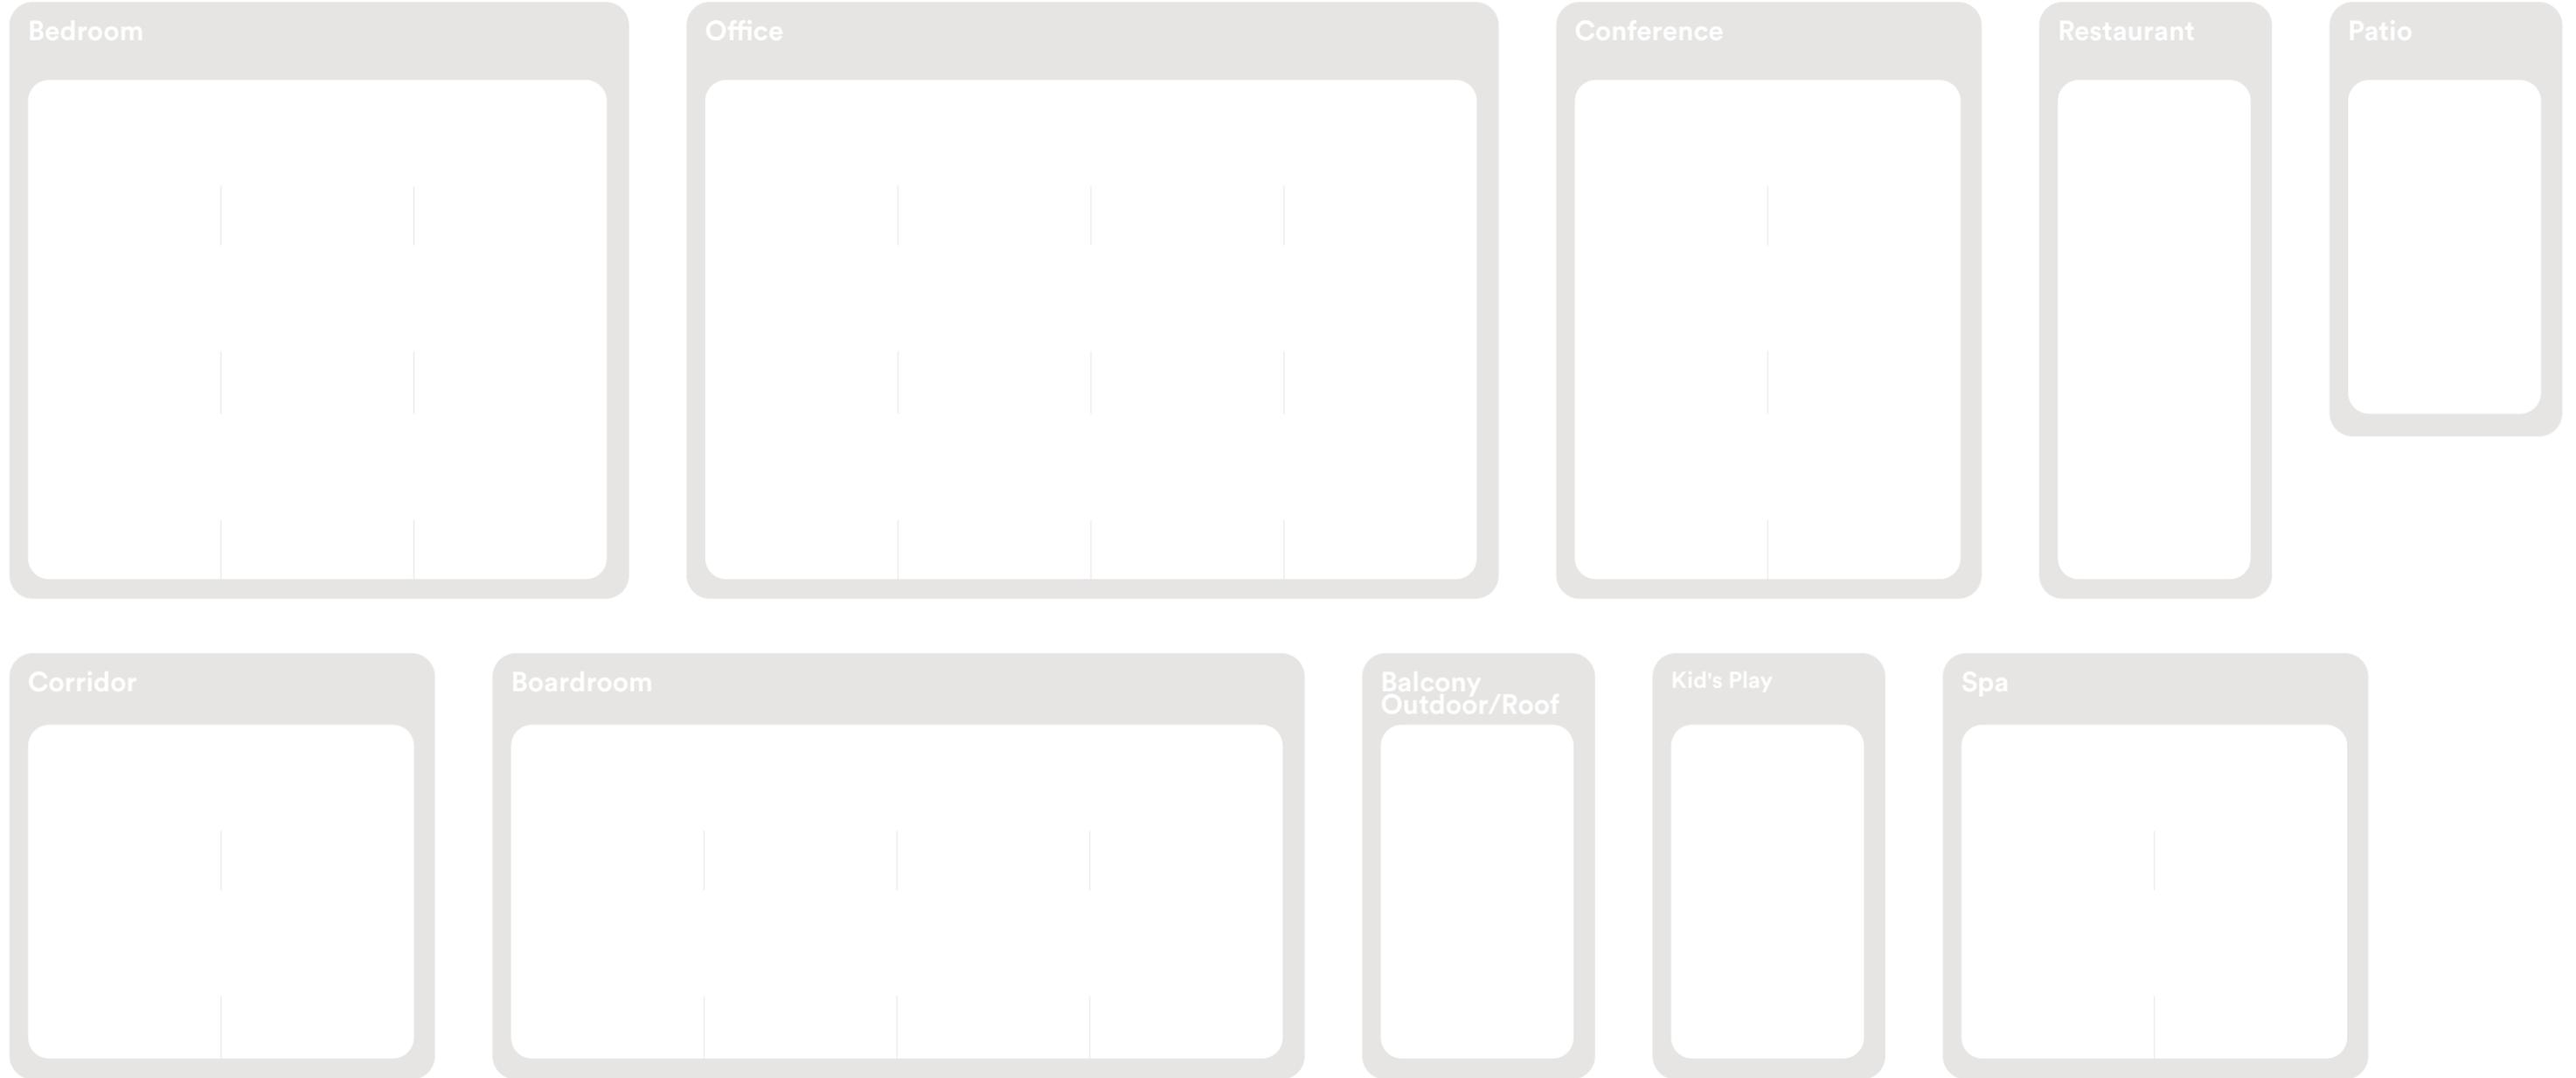

Baltimore

Baltimore was specifically designed with the needs of the corporate and hospitality environments in mind. Baltimore is a densely constructed wall-to-wall carpet which features a unique yarn system that reduces surface “shading”. Stainproof SDX (Solution Dyed Nylon) fibres also provide excellent colour fastness and resistance to fading. With its international range of colourways Baltimore offers a colour option suited to a wide range of projects.

- Baltimore is a broadloom carpet that is made with Belgotex Solution Dyed Nylon and is suitable for high-traffic areas.
- It has a smooth texture and comes in a wide roll for fewer seams.
- It has a variety of colours with elusive patterns that can match any style while maintaining a unique look.
- Baltimore is a product that can endure extreme environments.

Hospitality.
